## Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has yawning, dizziness or heavy full feeling of stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Noticed or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not remedy itself.

No medicine extant has such a long and numerous record of cure in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong foundation in medical science for the cure of the woman's peculiar ailments as this composition. No alcohol, harmful, or habit-forming drug is to be found in this list of its ingredients printed on each bottle wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them. It takes in time and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence will not be answered unless accompanied by a stamped envelope, or 31 one-cent stamps for paper-covered, or 31 one-cent stamps for cloth-bound copy. Address as above.

## FOREST FIRES.

A forest fire is raging in the Green Hill Mountain, about 2 1/2 miles from Front Royal, and last night the sky was illuminated for miles around. A strong wind fanned the flames high in the air, driving the blaze toward Rappahannock county. Hundreds of acres of valuable timber are being destroyed.

Destructive woodland fires have been burning for several days in Prince George and Chesterfield counties, and much valuable standing timber and cordwood have been burned, also many outbuildings.

Fire spread from a log heap on the Husted farm, at Dola, W. Va., Wednesday night, and burned over an area of 500 acres. Much valuable timber and fences were destroyed before the fire was gotten under control. For some time it was feared several villages would be burned, but by heroic work of a large number of men, women, and children the flames were checked just in time to save many thousands of dollars worth of property.

One of the most destructive fires that have occurred in Charles county, Md., swept over the eastern section Wednesday evening, doing great damage to timber and fences and dwellings. The fire originated from the burning of a small pile of brush in a garden.

Forest fires of incendiary origin, and doing more damage even than those of Tuesday last, which destroyed young poplars on a 10,000-acre reforested tract of George W. Vanderbilt's Baltimore estate, near Ashville, N. C., yesterday raged among the virgin forest trees of Pisgah reserve, sweeping over an area roughly estimated at 20,000 acres and doing incalculable damage before checked by rains and the combined efforts of forestry men and small farmers living near the Vanderbilt property. The incendiaries set fires in advance and in the rear of the fire fighters, and the farmers openly threatened to hang any of the criminals caught. The farmers say the fires were set by poachers, who sought revenge on Vanderbilt because his rangers have kept them from the fire hunting and fishing on the reserve.

## TAKING THE FINAL DRINK.

The spectacle of hundreds of thirsty residents standing in line a block long to get a final drink at a popular bar was one of the unique incidents in connection with the closing of the 15 remaining saloons of Gary, Ind. At first the customers were served as they crowded to the bar, but after a short time it was found necessary to use the same tactics as employed during a rush for theater tickets. At some of the saloons bargain sales were conducted, liquor being sold at cost to old customers. What were termed "wakes" were held in all of the saloons, the "lid" being off so far as the observance of the usual closing hours was concerned. The license of the saloon proprietors really expired at midnight, but the police made no effort to stop the rush of customers after that time, it being understood that early next morning the last drinks would be sold.

## MURDEROUS MANIA.

John Anderson, a plumber of Aurora, Ill., becoming violently insane yesterday, armed himself with two pistols, a shotgun and three bombs, and killed Mrs. John McVicker, narrowly missed slaying her husband, wounded Mrs. John Belford and then blew his own head off with a shotgun. He started out to kill the inhabitants of an entire square, in which he said malicious gossip concerning himself had been circulated. Mrs. McVicker was shot through the heart as she ran toward the room where her children were playing. Her husband's scalp was grazed by a bullet. Mrs. Belford's arm was broken by pistol bullets.

The neighborhood had become aroused and men gathered in the street. Anderson walked to the window of the house of John Belford and peered out. Then he returned to the center of the room, picked up his shotgun from the table on which he had calmly placed it, and blew off his head.

## TWINS BRING DEATH AND SUICIDE.

Mrs. Martha Smith, of Pittsburg, Pa., was extremely happy Wednesday when the nurse told her that her daughter, Mrs. William Hedinger, wife of a farmer living near Bonquet, Westmoreland county, had given birth to a bouncing boy. Soon the nurse re-entered the room with the news that there was also a little girl. The shock of the arrival of twins in the family proved too much for Mrs. Smith, and within an hour she was dead of heart disease. When Mr. Hedinger heard of the arrival of the twins, he, too, became greatly excited. On being told that the news had caused the death of his mother-in-law, he went to the barn and shot himself dead. Mrs. Hedinger is in a critical condition.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuff up air-passages. Price 10c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever.
